Bank of Baroda enhances BoB \$ Pay with international UPI features

Chennai, Aug 12: Bank of Baroda, one of India's leading public sector banks, has expanded its Unified Payments Interface (UPI) app, bob \$ Pay, by introducing three new international services - UPI Global Acceptance, Foreign Inward Remittances, and UPI Services for NRIs. These features will enable

secure, real-time cross-border digital payments and remittances for both resident and NRI customers.

Bank of Baroda Executive Director Shri Sanjay Mudaliar said, “UPI has transformed digital payments in India, and we are delighted to extend its benefits globally through bob \$

Pay International. These enhancements reflect our commitment to delivering innovative, customer-focused digital solutions.”

UPI Global Acceptance – Customers can now make QR code-based payments to international merchants directly from their Indian bank account in 8 UPI-enabled countries: Mauritius, Singapore, UAE, USA, France, Sri Lanka, Nepal, and Bhutan. The app displays transaction amounts in both local and Indian currency, along with the exchange rate and fees for complete transparency.

Foreign Inward Remittances from Singapore – Singapore residents can send 24x7 real-time remittances to India for family maintenance using a recipient's UPI ID/VP. The sender enters the amount in SGD, and the

beneficiary receives INR directly into their UPI-linked account.

UPI Services for NRIs – NRI customers can link their NRE/NRO accounts to bob \$ Pay using a domestic mobile number and make UPI payments or peer-to-peer transfers while in India.

For all international UPI services, the limit is Rs.1,00,000 per transaction and per day, in line with domestic UPI rules.

BIB \$ Pay - available to both customers and non-customers - has attracted 1.3 million registered users in a short time. The app can be downloaded from the Play Store or App Store, where users can activate these new services through settings.

LS passes simplified revised Income Tax Bill

Recommendations included, provisions eased, clarifications welcomed

Chennai, Aug 12: The new Income Tax Bill, 2025 was passed in the Lok Sabha on Monday without debate. Finance Minister Nirmala Sitharaman reintroduced the Income-Tax (No 2) Bill in the Lok Sabha, days after it was withdrawn in the House to incorporate key recommendations of the Select Panel of the Lok Sabha.

One more bill – Taxation Laws (Amendment) Bill – was passed by the Lok Sabha. The bill aims to provide tax exemptions to subscribers of the Unified Pension Scheme.

Both these bills were passed in the House by voice vote without any debate amid strong protests by Opposition over certain issues.

The Lok Sabha has approved a revised version of the Income Tax Bill, 2025, just a week after the earlier draft was withdrawn. Presented by Finance Minister Nirmala Sitharaman on August 11, the updated Bill incorporates most of the Select Committee's recommendations and is set to replace the six-decade-old Income Tax Act, 1961.

The first draft of the Bill, introduced in February 2025, was part of the biggest reform to India's direct tax laws in over sixty years. However, it was withdrawn last week for corrections and adjustments before being reintroduced.

Simple language, easy to understand

The biggest advantage of the new law is its simplified language, making it easier for the common man to understand. The new tax regime announced

in Budget 2025 remains unchanged, and taxpayers will still need to choose the regime best suited for them. Importantly, no tax rate changes have been made from the Budget 2025 announcements.

Pension Tax Deduction One major update is a clear tax deduction for commuted (lump sum) pension payments from specific funds listed in Schedule VII, such as the LIC Pension Fund. This ensures fair tax treatment for non-employees receiving pensions, aligning them

with benefits already available to employees.

Experts praised several revisions in the Bill that addressed earlier industry concerns:

Removal of Alternate Minimum Tax on LLPs – Correcting what he called a drafting error in the earlier Bill. Rollback of Restrictions on Charitable Trusts – Restoring the ability to reinvest capital gains and spend funds in the following year.

Relaxation in Transfer Pricing & Associated Enterprise Definition – Management and control will now be assessed only at the end of the year, reducing subjectivity and litigation.

The Bill also provides important clarifications, such as: How standard deduction applies when calculating income from house property after municipal tax deductions.

Notes:

- These financial results have been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and in terms of the SEBI (Listing obligations and disclosure requirements) Regulation 2016, as amended.
- The above financial results have been reviewed and recommended by the Audit Committee and approved by the Board of Directors at their meeting held on 11 th August 2025 and subject to limited review by the Statutory Auditors of the Company.
- The figures of the last quarter ended March 31, 2025 are the balancing figures between the audited figures in respect of the full financial year and unaudited published figures in respect of the financial results upto the third quarter of the respective financial years.
- The Company has issued redeemable preference shares to its promoters on 26th April 2012 amounting to Rs. 15,00,00,000 (Rupees Fifteen Crores), with an original maturity period of 13 years, i.e., redeemable by April 2025. Pursuant to a proposal for extension of the maturity period, the preference shareholders approved the extension of the redemption period by an additional 7 years in the Extraordinary General Meeting of preference shareholders convened on 13th September 2024, and passed a special resolution at the Extraordinary General Meeting (EGM) held on 3rd December 2024, in accordance with applicable provisions of the Companies Act, 2013 and the terms of issue. In accordance with the requirements of Ind AS 109 – Financial Instruments, the modification in the terms of the financial liability has been assessed to result in substantial modification, warranting derecognition of the existing liability and recognition of a new financial liability at fair value. The existing financial liability relating to these preference shares has been derecognised and a new financial liability has been recognised at its present value of Rs. 8,41,12,213/- on the date of modification. The difference of Rs.6,58,87,787/-, being the excess of the carrying value of the derecognised liability over the present value of the new liability, has been recognised as income in the Statement of Profit and Loss and reported the same as exceptional item in the profit and loss account. The newly recognised financial liability will be amortised over the extended period using the Effective Interest Rate (EIR) method in compliance with Ind AS 109. This accounting treatment has resulted in a one-time income recognition of Rs. 6.58 crores, contributing to the net profit for the current quarter. This modification does not impact the cash flows but affects the profit recognition under applicable accounting standards.
- The current quarter also witnessed poor demand for yarn with continued disparity in the cotton prices compared to yarn price. Hence the Company is running only one unit for 3 shifts and henceforth depreciation has been provided accordingly.
- During the quarter ended 30 June 2025, the Company's power and fuel cost has reduced to ₹143.50 lakhs as compared to ₹185.69 lakhs in the corresponding quarter of the previous year. This reduction is primarily attributable to the self-consumption of electricity generated from the solar power plant commissioned during the financial year 2024-25. Further to mitigate the impact of rising power costs, the company has further installed a 2MW solar plant as on this date. The Company is also implementing various cost-control and efficiency-enhancement measures across operations with the objective of reducing operational losses and improving profitability.
- The Company's main business is manufacture and sale of yarn and related products. There are no separate reportable Segments as per Ind AS 108 - Operating Segments.
- The previous period figures have been regrouped / rearranged wherever necessary.
